## Ike And Mamie Visit Farm Here

President and Mrs. Eisenhower Saturday had a good look at a century-old fireplace given to them as a 38th wedding anniversary present. Formerly a part of the White House, the white marble fireplace was a gift from the White House staff on their anniversary Thursday.

It has been installed in the renovated house on the farm here to which the Eisenhowers hope some day to retire.

Discarded For Years  
Mrs. Eisenhower told reporters it was one of two fireplaces removed from the White House and sold at auction in the administration of President Chester A. Arthur. Both were bought by a couple who intended to build a house but never did. She said. Eventually, a friend of the Eisenhowers, whom she did

not name, obtained one of the elaborate mantel-facing combinations. Mrs. Eisenhower said it in the friend's home and learned of the existence of another one like it.

Mrs. Eisenhower did not go into details about the search for the duplicate except to observe that "for years it was under the front steps of a home in Northeast Washington."

Not A Chip In It  
She noted with pleasure that the fireplace was in perfect condition—"there isn't a chip on it."

The President observed that they might have to replace a broken hearth—not a part of the big fireplace—but that it might be fixed by plugging up a crack through the center.

The fireplace has a bronze plaque (Continued on Page 7)

## COMPENSATION BOARD TO GO ON WITH CASE

The Workmen's Compensation board will continue with further proceedings in connection with the injury of Oscar T. Cullison, 37 Breckenridge St., according to an opinion handed down by the Adams County court at noon Saturday.

The Coal Operators Casualty Co., Greensboro, and Roy T. Goldsmith, as employer of Cullison, had asked the court to terminate the Workmen's Compensation payments to Cullison claiming that he had returned to work and was now making as much, if not more, income than before his injury. At present the payments are listed as "suspended."

According to the testimony, Cullison suffered an accidental injury while working July 8, 1952. On July 29 an agreement was reached for payment of total disability for "confusion of the right ear and dislocation of the fourth cervical vertebra." On October 20, 1952, Cullison returned to work at the same rate of pay as he received previously, but refused to sign a final receipt.

## Admits Possible Complications

Goldsmith and the casualty company then filed a petition to terminate payment of compensation and a referee's hearing was held. The referee found that Cullison had "a slight functional disability which is not reflected in earnings," and directed that the compensation payments should be terminated.

On an appeal, the Workmen's Compensation board December 2, 1953, directed that the record be (Continued on Page 10)

The two are Union Twp., with about 85 dairy farmers and Highland Twp. with about 30. The addition of the two brings to 12 the number of townships which have so far signed for the testing. # Old-Fashioned Formula For 4th Of July Celebrations Followed In Many Places Across Nation

By THE ASSOCIATED PRESS

Throughout the nation this week-end, in big cities and small towns, Fourth of July celebrations will mostly follow the old-fashioned formula of a parade, fireworks and patriotic speeches.

But behind the speeches will lie the very modern problems of an uneasy atomic age, more awesome than any that could be imagined when American Independence was declared 178 years ago.

Celebrations at some of the nation's most historic shrines, however, will keep alive an appreciation of the country's early struggles and hardships and of the courage required to overcome them.

**Ceremonies At Valley Forge**

There will be ceremonies at Valley Forge, near Philadelphia, where prospects for American success in the War for Independence reached their lowest ebb.

At the Washington Memorial Chapel there acting Gov. Charles E. Johns of Florida will speak.

There will also be other ceremonies at Independence Hall in Philadelphia, home of the Liberty Bell.

Fireworks will light up Boston's

famed common, where Independence was preached and stoutly defended. And several blocks away at the old state house, now a historical museum, the Declaration of Independence will be read by an honor student from Boston Latin school, the oldest school in the country.

**Ike At Camp David**

A mammoth fireworks display will be set off July 5 at the grounds of the Washington Monument in Washington D.C. This annual show usually draws thousands to the center of the nation's capital.

The nation's first family—President and Mrs. Eisenhower—will not be in town to see the sight. They plan a quiet holiday weekend at Camp David, the presidential retreat in the Catskill Mountains of Maryland.

Vice President Richard Nixon will be among the holiday orators. Today he goes to Somerset, Pa., to take part in the town's sesquicentennial celebration.

**Celebration At Ft. Mifflin**

Another celebration in western Pennsylvania will mark the 200th anniversary of the Battle of Ft. Mifflin near Uniontown, Pa., which opened the French and In-

3. a 65-15 vote by which the Senate defeated an amendment to give farmers large tax reductions on purchase of farm machinery.
4. a 58-15 vote by which the Senate passed a bill to extend all present tax provisions for one more year.

In the House, 18 Pennsylvania Republicans and 6 Democrats voted with the House majority to approve 228-170 the administration's compromise sliding-scale farm price support program.

Edward Bonin was the only Republican not voting. He was paired for the proposal. Otherwise, the entire GOP delegation from the Dystown State voted for passage.

Five Pennsylvania Democrats—Buchanan, Chudoff, Eberhart, Kelly and Morgan—were against the measure. Democrats for the legislation were Barrett, Byrne, Granahan, Green, Rhodes and Walter.

**Loads Of Food Flown To Mexico**

EAGLE PASS, Tex. (AP)—Food, truckloads of it, was flown across the Rio Grande today to flood-ravaged Piedras Negras, Mexico, where at least 38 persons died in the river's roaring waters this week.

Official authority for taking the food into the misery-laden Mexican town of 30,000 persons opposite here came yesterday. Earlier, helicopters had lifted food and clothing into the town on an unofficial basis, simply because the people needed it.

Six out of every 10 people in the world live on farms.

## UNITED FRUIT'S BANANA EMPIRE IS U.S. TARGET

WASHINGTON (AP)—The government has set off a double play attempt with a court action against the United Fruit Co.'s banana empire in Central America.

Atty. Gen. Brownell announced late yesterday the government had filed an antitrust suit in New Orleans Federal Court asking that United Fruit be ordered to take steps to "establish effective competition in the banana industry."

Federal officials apparently viewed the suit as also serving another purpose—that of scotching Communist propaganda claims the United States is interested only in shielding American business in Latin America.

**Deny The Charges**

The company—with headquarters in Boston—lost no time in denying the federal monopoly charges. Sam Baggett, the company's vice president and general counsel, issued a statement in New York, in which he said United Fruit is convinced the action "is based upon incomplete or unreliable information and that the charges are groundless."

The government suit accuses United Fruit of forcing out competition and of gaining control of nearly all Central American land used for growing bananas. It also contends United Fruit thus has managed to achieve dominance in the production, transportation and importation of bananas.

The Justice Department moved against the big fruit firm with a back-drop of government upheaval in Guatemala, where United Fruit has operated on a large scale.

## OPEN PROBE OF PLANE CRASH AT CROSSROADS

UTICA, N. Y. (AP)—A special Air Force team today spearheaded an investigation of the wreckage of a jet fighter plane that crashed into a hamlet crossroads near here yesterday and killed four persons on the ground.

The fuel in the rocket-laden F94C Starfire apparently exploded and set fires that destroyed an automobile and two houses in tiny Walesville, about 11 miles southwest of Utica. None of the rockets exploded.

**3 In Auto Killed**

The plane's pilot, Lt. William E. Atkins, 24, of Duffon, Va., and the radar observer, Lt. Henry F. Coudon, 26, of Perryville, Md., bailed out before the crash and escaped injury.

Killed were the three persons riding in the automobile, Stanley Phillips, 38, his wife, Florence, 32, and their son, Gary, 11, all of nearby Hecla, and Mrs. Doris Monroe, 26, occupant of one of the houses.

One-year-old Betty Lou Monroe was injured, apparently by flying debris.

The plane was one of the two jets ordered up in a practice "scramble" flight from the 27th Fighter Interceptor Squadron at Griffiss Air Force Base, Rome.

SEOUL (AP)—President Syngman Rhee said today he cannot accept an invitation from President Eisenhower to visit Washington because "there is a certain unrest" in Korea.

He did not rule out a later trip to the United States, however.

He did not elaborate on the request.

# Sketches By BEN BURROUGHS FIGHTING HEART

A man can have two arms of steel... a punch of dynamite... but if he lacks a fighting heart... he'll miss the greatest height... he may possess an iron fist... and strength beyond his need... then too he may be quick of mind... and blessed with extra speed... he may have great ability... or be a fancy Dan... but without faith and fighting heart... he's just an also-ran... this need of heart is not just for... the pugilist who fights... but it holds true for all of us... who battle for our rights... for when the chips of life are down... and troubled waters mount... a fighting heart will see us through... however long the count.

# "BLUE CROSS FOLLOWED ME HALF-WAY 'ROUND THE WORLD!"

SAYS JAMES B. BOWERS  
OF READING, PENNSYLVANIA

Not many people ever expect to go to a hospital as far away from home as East London, South Africa. But it can happen. It did happen to James Bowers, a knitting technician employed by the Berkshire Knitting Mills, whose job requires him to do considerable traveling.

Some months ago, Bowers was given an assignment in South Africa. There he was stricken with appendicitis, requiring immediate surgery and hospital care. Although he was some 8500 miles from home, he experienced the far-reaching comfort of Blue Cross protection, for his Blue Cross membership entitled him to adequate benefits covering his hospital bill there.

Not many will go to a hospital in South Africa. But the possibility of sudden illness is always with us, whether at home or away from home. That's why it is so important to be a Blue Cross member.

For with Blue Cross protection, you're sure of the hospital care you need, with no worries about the cost — wherever you live, work, travel, or vacation.

Sponsored by the hospitals in your community, non-profit Blue Cross provides protection in approved hospitals anywhere in the world.

## Traffic Death Toll Now 333

By THE ASSOCIATED PRESS  
The nation's traffic deaths over the long Fourth of July weekend today appeared running around 100 below the estimates of safety experts.

The death toll in automobile accidents from 6 p.m. Friday to midnight Monday was 333. This figure compared to the National Safety Council's estimate of 430 traffic fatalities for the 78-hour period.

Late reports may boost the death toll but the council expressed admiration for the "good sense" demonstrated by the nation's motorists during the holiday weekend.

"Congratulations to the drivers on a good job," said Ned H. Dearborn, council president.

Drownings and miscellaneous accidents boosted the country's violent death toll to nearly 600. The Associated Press survey showed 184 persons drowned and 79 lost their lives in a variety of accidents.

## Weekend Showers Break Heat Wave

Scattered local showers that started late Saturday afternoon, continued Sunday morning and again on Monday brought relief from the 90-degree heat of last week but accounted for only 0.12 inches of rain at the Gettysburg Times Weather Station. Reports indicated that some sections of the county received more rain and some less.

Monday's showers may have been enough to refresh lawns and gardens and in some part of the county are expected to supply real help to parched cornfields.

The temperature Saturday got up to 93 before showers brought relief. The highest reading here on Sunday was 81 degrees while on Monday the maximum was a comfortable 79 degrees.

# Major Leaguers Celebrate 4th With Barrage Of Homers In 8 Stadiums For Near-Record 35

By JOE REICHLER

Big league ballplayers celebrated Independence Day with a home run barrage that rocked eight baseball stadiums from dug-out to bullpen and sent the harried, defenseless pitchers running to cover.

The day of double-headers re-sounded with 36 home run blasts, only five short of the major league record for most homers in one day. A total of 315 hits were peppered about the parks and 76 pitchers were used. That's an average of almost 20 hits and more than 4 1/2 pitchers a game.

Cleveland's Bill Glynn was the merriest celebrant. The normally light-hitting first baseman exploded three home runs in the 13-6 opening victory over Detroit and drove in eight runs. Ray Boone and Wayne Belardi homered for Detroit. Glynn's bat, along with the rest of the Indians, was silenced in the second game, which went to Detroit 1-0 in 11 innings.

Only 9 Pitchers Finished

Three others—the New York Yankees' Irv Noren, Milwaukee's Eddie Mathews and the Chicago Cubs' Randy Jackson—walloped two homers in one game. Dusty Rhodes of the New York Giants and Ted Lepcio of Boston also hit two homers, one in each game. Glynn, Lepcio and Roy Sievers of Washington had grand-slammers.

Only nine of the 32 starting pitchers went the distance with four of them turning in shutouts. The flashiest performance was exhibited by George Zverink of the Tigers. A member of the Indians in 1951, Zverink-blanked his former teammates with three hits and was rewarded with the victory when Tiger shortstop Harvey Kuenn homered off rookie Don Mossi to break up the game.

The split, which snapped an eight-game winning streak for the Indians, cost them a full game to the Yankees and trimmed their first-place American League lead to 3 1/2 games.

Yanks Beat A's

The Yankees trimmed the Philadelphia Athletics twice, 7-4 and 11-2, to win their first double-header in almost a year. They had split the last three twin bills in 1953 and their first 10 this season. Successive homers by Joe Collins and Mickey Mantle and a run-scoring double by Gene Woodling provided the margin of victory in the opener. Noren drove in five runs with his two homers in the nightcap. Bill Wilson hit Philadelphia's only homer.

The Giants and Dodgers swept double-headers leaving the National League-leading Giants still 3 1/2 lengths in front of Brooklyn. The two rivals begin a three-game set at Ebbets Field tonight.

Johnny Antonelli won his 12th game with a three-hit, 10-0 shutout over the Philadelphia Phillies in the opener. Rhodes, subbing for Monte Irvin in left field, homered and doubled in the first game. In the second game, he hit two singles and a homer with two mates aboard to give the Giants an uphill 4-3 triumph.

Braves Outslug Cards

Rookie Walter Moryn, playing in place of the slumping Jackie Robinson, cracked four hits, including a homer, to help Brooklyn down Pittsburgh 8-6 in the first game. Duke Snider banged his 20th four-bagger in that game too. Junior Gilliam homered for the Dodgers in the second game but it was Carl Furillo who drove in five runs to account for the 7-2 victory.

Milwaukee won two slugfests against the St. Louis Cardinals 8-6 and 10-4 as each team slugged four homers. Besides Mathews' pair, Bill Bruton and Del Crandall homered for the Braves while the Cardinal homers were hit by Solly Hemus, Rip Repulski, Ray Jablonski and rookie Joe Cunningham.

Cincinnati's Redlegs defeated Chicago 6-5 in the opener despite two homers by Jackson of the Cubs. Bobby Adams drove in the winning run in the 10th with a single. The Reds also took the nightcap 8-7 on Hobe Landrith's home run. Cincinnati's Ted Kluszewski hit his 21st homer in the first game.

Chisox Take Pair

Boston's Red Sox and Washington divided a twin bill. Boston won the first game 14-0 behind Willard Nixon's six-hitter as Lepcio batted in five runs with a triple and single besides his grand-slammer. Jack Jensen also homered for Boston.

Washington took the second 7-1 behind Chuck Stobbs' five-hitter. Sievers' four-run walkoff offset a 1-0 Red Sox lead provided by Lepcio's second homer.

Only one homer was hit in the Chicago-Baltimore double-header, won by the White Sox 3-0 and 2-1. Billy Pierce burlled a four-hit shutout in his first complete game

# STENGEL NAMES 8 STARTERS FOR ALL-STAR TILT

CHICAGO (AP)—Casey Stengel of the New York Yankees, who will manage the American League team in the annual All-Star Game at Cleveland July 13, named eight pitchers for the battle today.

Only one, Whitey Ford of his own Yankees, is a left-hander. The others are Mike Garcia and Bob Lemon of Cleveland; Bob Keegan and Virgil Trucks of the Chicago White Sox; Bob Porterfield of Washington; Allie Reynolds of New York; and Bob Turley of Baltimore.

Other Starters For AL

The American League released Stengel's choices along with the other players who, with the eight starters selected in a poll of fans, will represent the league.

The eight American League starters, announced Sunday night, are Al Rosen, Cleveland, first base; Bobby Avila, Cleveland, second base; Ray Boone, Detroit, third base; Chico Carrasquel, Chicago, shortstop; Orestes Minoso, Chicago, left field; Mickey Mantle, New York, center field; Hank Bauer, New York, right field; and Yogi Berra, New York, catcher.

Each of these eight top vote-getters must, according to the regulations governing the game, start and play a minimum of three innings.

Rounds Out Squad

For possible use in later innings, Stengel chose the following players to round out his 26-man squad: Catcher—Sherman Lollar, Chicago.

Infielders—Ferris Fain, Chicago; Jim Finigan, Philadelphia; Nelson Fox, Chicago; George Kell, Chicago; Harvey Kuenn, Detroit.

Outfielders—Larry Doby, Cleveland; Jim Piersall, Boston; Ted Williams, Boston.

Opponents Not Selected

Stengel presumably stacked a right-handed pitcher deck because of the National League's rough lineup of right-handed batters, at least in the fans' lineup. It includes Gran Hamner of Philadelphia, Ray Jablonski of St. Louis, Al Dark of New York, Jackie Robinson of Brooklyn and Roy Campanella of Brooklyn—all righthanders and all, with the possible exception of Dark, respected slugger.

The pitchers and other members of the National League squad will be named by Manager Walt Alston of Brooklyn in Wednesday morning papers.

# RICHARDS WINS AAU DECATHLON

ATLANTIC CITY, N. J. (AP)—Aubrey Lewis, 19-year old Montclair (N. J.) High School graduate, who plans to enter Penn State, took second place Saturday in the National AAU Decathlon championships behind the Rev. Bob Richards of Los Angeles.

Richards, Lewis and third-place Rafer Johnson of Kingsburg, Calif., now are likely to represent the U. S. in the Pan American games at Mexico City next March, according to Dan Ferris, executive secretary of the AAU. Ferris pointed out no other decathlons are scheduled so the two-day Nationals served as tryouts.

Richards capped his second tilt with 6,501 points, compared to 6,118 for Lewis who was competing as a member of the Kearny A. C. Lewis' only first was in the discus which he won with a heave of 152 feet 4 inches.

# Eastern League

By THE ASSOCIATED PRESS

The Wilkes-Barre Barons and Elmira's Pioneers are bouncing around on top of the Eastern League like rubber balls.

Today it was Wilkes-Barre's turn in first place, despite a 10-8 loss administered to the Barons by the seventh-place Williamsport Grays yesterday. The losers' woes were nothing compared to that of the Pioneers, who played host to the Binghamton Triplets and lost twice, 10-5 and 4-2.

The Barons and the Grays were scheduled for a doubleheader, but rain forced postponement of the first game, and the second was played last night.

The results gave the Barons a two-percentage-point margin over the Pioneers.

Third-place Albany clipped its deficit to one game by trimming the host Shenectady Blue Jays, 6-2, after the Jays had won the first game, 7-3, and the visiting Reading Indians defeated Allentown's Redbirds, 8-2, in a night game after a day encounter was rained out.

# Sports In Brief

By THE ASSOCIATED PRESS

GOLF

SOUTHPORT, England—John McGonigle of Ireland shot a 65 and Gene Sarazen of Germantown, N. Y., a 67 to pace the qualifiers through the first round of the British Open championship.

Previous to this year he had judged the world's Northernmost show at Anchorage, Alaska, and the world's Southernmost shows—both on the same latitude—Montevideo, Uruguay and Kimberley, South Africa.

All of which seems to prove two things: First, that a good dog is a good dog anywhere. For in few sports could a referee or an umpire or a judge move from one end of the world to another and still have his decisions accepted.

And second, that the love of dogs is international which again demonstrates that good traits among humans are not confined to any one nationality, religion or race.

CLINT COURTNEY

CLINT Courtney of the Orioles made an unassisted double play against the Yankees on June 2 it was only the 38th such play by a catcher in major league history.

It happened this way. With Irv Noren on third and Bob Grim at the plate, the batter attempted a squeeze bunt on the third strike. He missed the ball for the strike-out and Noren was tagged out at home.

ANGLER GETS A HOOT

MONETT, Mo. (AP)—Using a top-water bait while bass fishing at night, Ted Strecker got a terrific strike. There was a lot of commotion on the water as Strecker reeled in. He had caught an owl which had mistaken the bait for a swimming mouse.

Jim Busby, Washington Senators' centerfielder, played first string quarterback and starred for Texas Christian University in the 1948 Cotton Bowl.

LAST NIGHT'S FIGHTS

NEW YORK—Sandy Saddler, 131 1/2, New York, stopped Libby Manzo, 134 1/2, New York, 10.

BROOKLYN—Billy McNece, 163 1/4, Central Islip, N. Y., stopped Jackie La Bua, 162 1/2, New York, 6. LOS ANGELES—Keeny Teran, 116, Los Angeles outpointed Kildo Martinez, 114 1/4, Calexico, Calif., 10.

Big Jack Johnson, weight boxing champion from 1906 to 1915, was nicknamed "L'U Arthur."

# The Glove Goes Too

Ed Fitzgerald, Washington Senators catcher, not only drops the ball in trying to tag Grady Hatton of the Boston Red Sox, but loses glove as well in the sixth inning play of first game of twin bill at Griffith Stadium. Fitzgerald was charged with an error on throw from second baseman Johnny Pesky. Run was one of eight Red Sox scored in inning to win opener, 14-0. (AP Wirephoto)

# Stenographer Wins In Straight Heats

GOSHEN, N.Y. (AP)—Stenographer, a 3-year-old filly owned by Max Kempt of Mechanicsburg, Pa., has shown she is still a very strong candidate for next month's renewal of the Hambletonian despite several losing races at Roosevelt Raceway, mostly against older horses.

The daughter of Bill Gallon stepped away from a large field of the same age and sex in the \$17,933.40 Coaching Club Trotting Oaks as a five-day Grand Circuit meeting opened at Historic Track yesterday.

With Del Miller handling the reins, Stenographer won in straight heats, stepping each mile in 2:06. It was considered good time for the half-mile oval. The Hambletonian will be raced over the mile.

Good Time Track here Aug. 4.

# DOGS

Capt. Will Judy, the most widely known dog show judge in the world, will probably within the next few months, complete 150,000 miles of travel in pursuit of his hobby.

Capt. Judy (who gets his title from World War I) had traveled 141,000 miles and judged shows in 15 foreign countries when he started his 1954 rounds. Since then he has flown halfway around the world to Columbia, Ceylon to judge the Ceylon Kennel Club show. Then after a short time back at his job of editing Dog World Magazine in Chicago, he was off again to judge the annual sieger show of the Austrian Kennel Club in Vienna.

Previous to this year he had judged the world's Northernmost show at Anchorage, Alaska, and the world's Southernmost shows—both on the same latitude—Montevideo, Uruguay and Kimberley, South Africa.

All of which seems to prove two things: First, that a good dog is a good dog anywhere. For in few sports could a referee or an umpire or a judge move from one end of the world to another and still have his decisions accepted.

And second, that the love of dogs is international which again demonstrates that good traits among humans are not confined to any one nationality, religion or race.

# Game Protector Rescues A Buck

TRYON, N. C. (AP)—Grady Ross, game protector for a deer refuge near here, takes his job seriously. Driven by Green River, Ross saw a familiar-looking object in the water and stopped. It was the nose of a mature buck trapped under water by a tangled grapevine.

Ross stripped, swam to the deer, and dragged it out of the river and into his car. He left the deer at a nearby farmhouse and reported happily that after a few hours' warming up the buck was able to get on its feet.

Six of the eight scheduled holiday weekend games in the Pen-Mar Baseball League were played, two contests being postponed Monday due to rain.

The league-leading Blue Ridge Summit team won its only contest by coming from behind to nip Cashtown 6-5 Sunday at Cashtown. Once again the home club blew a lead in the late innings by loose play. Cashtown led 5-0 until the seventh when Blue Ridge came up with five runs to knot the score and then pushed over a run in the ninth to win.

Fairfield pulled to within a game of Blue Ridge by copping a pair of victories, crushing Thurmont 14-2 at Thurmont Sunday and following with a 4-2 win over New Windsor at Fairfield, Monday.

Emmitsburg held on to third place by squeaking past Union Bridge 2-1 in a Sunday game at Emmitsburg.

New Oxford moved into fourth place with a pair of victories. Sunday New Oxford outslugged winless New Windsor 11-10 and Monday pounded out a 9-2 win over Union Bridge. Both contests were staged at New Oxford.

# SADDLER WINS BUT NOT UP TO PRE-ARMY PEAK

NEW YORK (AP)—Sandy Saddler, the featherweight champ, still is five or six fights away from his pre-Army peak despite a knockout victory over game little Libby Manzo.

The champ showed only flashes of his old form in disposing of Manzo in 2:35 of the 10th round last night at St. Nicholas Arena but he didn't forget any of his rough-house tactics. Referee Al Berli warned Saddler repeatedly for wrestling and once for a borderline left hook.

Manzo was Saddler's 94th knock-out victim in 148 pro fights. Although the 24-year-old was cut around both eyes and needed seven stitches in the gash over the right eye, he gave the champ a good fight. He gave away reach and height. He outweighed Saddler 134 1/2 to 131 1/2 pounds in the non-title bout.

Sandy tagged Manzo with 2 left hooks and then dropped him with a right uppercut in the 10th. Manzo got up at seven and then collapsed in a neutral corner. Referee Al Berli ruled a knockout, not a TKO.

Bill McNece, a rough brawler from Central Islip, N.Y., earned an Aug. 23 Eastern Parkway date with Bobby Dykes by stopping Jackie La Bua of New York on a TKO at the end of six rounds last night at the Parkway.

Referee Pete Scalzo said he stopped the fight because La Bua looked tired and open for more punishment after being rocked with two solid right-hand punches in the sixth. La Bua was cut over the left eye.

# Today's Talk

**TRAVEL HOPEFULLY**  
None of us like as a companion one who is forever finding fault with other human beings, who is destructive in his thinking, and who "has no use" for the Government. Such a person could never be classed as one traveling "hopefully."

It was Stevenson who once wrote that "to travel hopefully is a better thing than to arrive." If we do travel hopefully, it doesn't matter much as to our destination. It is sure to be something worth while. We won't lose.  
None of us can safely and truthfully predict the events of the morrow. But if we look forward to them, hopefully, we are more apt to be happily surprised. It is good philosophy, anyway, to expect the best, and be prepared for the worst. The story of the little girl in Robert Browning's "Pippa Passes" is an inspiring one. She was a worker in a mill and had but one vacation a year but she made the most of that one, celebrating happily, singing in the streets, and imagining that she lived in a wonderful world, as she surely did, seeing nothing but beauty all about her.

It has been my privilege to receive many letters from shut-ins. All these letter writers have been full of courage and so expressive of their hope and confidence in a higher power than their own. I have wished that I might travel as hopefully as these wonderful people. It is not until we look upon someone else who is far worse off than we are that we realize how lucky we are, and how ungrateful on our part to complain at all. I am of the opinion that cheerful people belong to the Royalty of Heaven!

By traveling hopefully each day we keep adding to our expectations, crowding out our petty troubles and worries, and welcoming each impulse as a guided step ahead. Each hour, each day, each month, each year, becomes an experience that is a part of the diary of our life. Notes for the more elaborate eternal diary!

Tomorrow Mr. Adams will talk on the subject: "An Absorbing Interest"

# Out Of The Past

**From the Files of the Star and Sentinel and The Gettysburg Times**  
**FIFTY YEARS AGO**  
Lincoln at Gettysburg: His now famous address did not make a deep impression at time of its delivery. (From Hanover "Record.") I have frequently been asked whether Mr. Lincoln's address made a deep impression upon my mind at the time I heard him deliver it on the nineteenth of November, 1862, at the dedication of the National Cemetery at Gettysburg, and only lately while in company of some college professors up in Massachusetts, the same question was asked me by one of the gentlemen, and I was compelled to answer in the negative, and doubted if it had not been the same with nearly everyone else who heard him deliver the address.

This seems strange and almost remarkable but the great throng was there more to see Mr. Lincoln than to hear what he had to say. Mr. Everett was expected to say the great things in his oration, that were to be said on that occasion and nearly everybody was profoundly disappointed. It was a very scholarly effort, but too long for the occasion, and being read without animation, soon became tiresome.

There were a great many men of national renown there, besides Mr. Lincoln and Mr. Everett and the people were anxious to see as many of them as possible, and consequently no one of them had a monopoly of the people's attention; although Mr. Lincoln was the great central figure.

**President Will Not Be Here:** President Roosevelt will not attend the maneuvers of the Pennsylvania National Guard on the Gettysburg battlefield July 23d-30th. He has declined the invitation to be present, as between those dates he is to receive the official notification of his nomination for the Presidency.

**GETTYSBURG**  
Written for The Star and Sentinel  
By Henry C. Demming  
Bright broke the morn before the fray  
That made immortal in a day  
This hallowed spot—so sad away,  
Because of sectional array,  
At Gettysburg.

As higher up the sun arose,  
And harder fought contending foes,  
With fiercer and more bloody blows,  
It seemed the Nation's direst throes  
At Gettysburg.

A sad first day for Union's side  
With Reynolds stricken, ebbing tide;  
Troops falling back, success denied,  
Till checked the foe by Hancock's ride  
To Gettysburg.

The next day in more thrilling strife,  
Brave Meade the hope for Nation's life,  
At nightfall 'en a battle rife,  
Cannon and musket, sword and knife,  
At Gettysburg.

Anon the third day's awful din  
With Pickett's charge: made whirlwind  
Angle of blood, where there had been  
Few days before pure peach within  
Near Gettysburg.

And now the fourth day, carnage o'er,  
And Lee's retreat toward South once more;  
And these broad fields all thick with gore;  
O sad, sad thought, those days of yore  
At Gettysburg

But sequel to it all is here,  
We have a Nation far more dear;  
A country that we can revere  
A flag of Union all can enter,  
Grand Gettysburg.

And now how fitting that we meet  
Where thousands rushed with eager feet  
To make our Nation one, complete,  
And happy homes, where all can greet,  
Since Gettysburg

No North, no South, no East, no West,  
No section now at man's behest,  
For 'neath one flag we all can rest,  
And praise the Lord that we are  
Through Gettysburg

# THIRD SESSION ON INDOCHINA LISTED TODAY

**By FORREST EDWARDS**  
HANOI, Indochina (U)—French Union and Vietnam military representatives were scheduled to hold their third session at Trung Gia village today to continue mapping details of a possible Indochina cease-fire.

(The New York Times in a dispatch from Hanoi said the two sides had agreed yesterday on a procedure for exchange of sick and wounded prisoners of war. The dispatch said the first POW swap would be made on July 14, Bastille Day and France's national holiday.)

The delegates met for the first time in the "peace" village of thatched huts Sunday. The area, declared a neutral zone, is about 25 miles north of Hanoi in territory controlled by the Communist-led insurgents.

**Look To Geneva**  
The talks were understood to be concerned mainly with regrouping of troops on both sides in case a truce is agreed on in Geneva to halt the 8-year-old war. The delegation's recommendations will be referred to the higher level Indochina talks now going on in Switzerland.

Yesterday the military representatives met for over two hours in closed session. Then the chief delegates—Col. Marcel Lennuyeu for the French and Gen. Van Tien Dung for the Vietnam—talked privately.

In Saigon, Vietnamese Premier Ngo Dinh Diem formed a new cabinet in an effort to rally more popular support behind chief of state Bao Dai. The Premier took over the defense and interior ministries himself. Other Cabinet members, averaging only 40 years in age, are Vietnamese who have shown an independent attitude toward the French.

# SEN. DUFF IS INDEPENDENCE HALL SPEAKER

PHILADELPHIA (U)—Independence Hall was the center of the National July 4th celebration yesterday as thousands flocked to the historic shrine to observe the 178th year of freedom.

Speaking on the world Communist problem, Sen. James H. Duff (R-Pa.) told the gathering that "the time is ripe...for...lines to be drawn beyond which this darkening shadow shall not be allowed to fall."

Duff said the United States must view the buildup of Communist military power as "a threat to our sovereignty as a nation and our freedom as a people."

In a message read at the exercises, President Eisenhower said he foresaw an eventual halt to what he termed Communist "conspiracies" against freedom. He expressed hope this would be accomplished "not by force, but through patient perseverance and the growth of knowledge and understanding among nations and men."

In another speech, Philadelphia Mayor Joseph S. Clark Jr., said "the enemy of freedom is totalitarianism. It matters not whether we call it Communism, Fascism or McCarthyism. It stems from the same philosophy: a denial of the liberty of the individual to choose for himself...a perversion of justice in the name of conformity, a calculated attempt to assassinate the character of those who disagree, an abandonment of freedom in a futile search for security."

# Red China's Chief And Vietnam Meet

**TOKYO (U)—**The Communist Peiping radio said tonight Red China's Premier Chou En-lai and Vietnam rebel leader Ho Chi Minh have held a secret meeting somewhere on the China-Indochina border.

The broadcast heard here did not say when or exactly where the two Communist leaders met. Nor did it say what they discussed, although current negotiations with France for peace in Indochina undoubtedly was the No. 1 topic.

Chou returned to Peiping this afternoon, the Chinese-language broadcast said.

# Ex-Boxer Shot As He Sits In Parked Auto

**NORRISTOWN, Pa. (U)—**Gilbert Fearon, 32, described as a former sparring partner for ex-heavyweight champion Joe Louis, was shot to death as he sat in his car with a woman companion in Lower Gwynedd Twp., last night.

Police said they were holding Maryetta Snowden, 26, after she admitted she shot Fearon following an argument outside a taproom. Miss Snowden gave the same Philadelphia address that police listed for Fearon.

The young woman told police

former Gov. William H. (Alfalfa Bill) Murray, gained nationwide fame in the 1930s by calling out the guard more than 30 times during his term.

Sen. Robert S. Kerr's bid for a second term has produced the hottest race of the campaign. Opposing him is former Gov. Roy J. Turner, who has criticized Kerr's attendance record in the Senate and expansion of his oil company interests in foreign nations.

Kerr refused to slug it out verbally with Turner over the charges but instead has campaigned on his record of fighting the Eisenhower administration's farm program and following the Democratic party line.

# OKLAHOMANS VOTING TODAY UNDER GUARD

**By DAYTON BLAIR**  
OKLAHOMA CITY (U)—An estimated 500,000 Oklahomans were voting today in the state's primary election, some of them under the watchful eye of National Guardsmen assigned to assure an honest election.

Democratic and Republican primaries are being held for the U.S. Senate, governor, Congress, state and local races.

Martial law was in effect in five eastern counties—Sequoyah, Adair, Cherokee, LeFlore and Pittsburg—and Gov. Johnston Murray has ordered plainclothesmen to supervise voting in some unidentified Oklahoma county precincts.

Oklahoma County, the most populous area of the state, includes Oklahoma City. It will cast close to 100,000 votes, according to pre-election estimates.

**Martial Law Ordered**  
Murray ordered martial law for the five counties after charges were filed against 10 persons last week for voting irregularities.

Guardsmen will be in uniform and will have authority to make arrests. However, they will be unarmed. It is Oklahoma's first election day in history under martial law although the governor's father,

The continuation of Chinese help to the Vietnam has inevitably held up consideration of Peiping's candidature.

The Liberal News Chronicle described the Knowland proposal as one of many recent signs that the tide of isolationism is rising in the United States.

# NAB CHINESE IN \$810,000 THEFT OF WAR FUNDS

**NEW YORK (U)—**A Chinese businessman was arrested here today in connection with the alleged theft of \$810,000 in Chinese Nationalist funds intended for purchase of surplus war supplies.

The man, identified by Nationalist officials as Ku Chih Chang, 48, was said to have received the funds from former Nationalist Gen. Pang Tsu Mow, who fled to Mexico in 1951.

The general was accused of embezzling some six million in Nationalist funds while in charge of the Chinese Republic's air force office in Washington, D.C.

Chang was arrested on a grand larceny charge at the request of Cha Chien Liang, Nationalist China's vice minister of justice.

The vice minister said Chang had received three checks from the general, one for \$210,000 and two for \$300,000 each.

Detectives who arrested Chang at the Hotel Wellington in Manhattan said he denied any wrongdoing, and as saying he thought the money given him by the general was his own.

**Some Unaccounted For**  
Chang was quoted as saying the Nationalist government owed him more than one million dollars for property it had confiscated from him in China.

The Nationalist vice minister said Chang came to this country in 1946 and that he and the general handled the purchase of war surplus materials for the Nationalist forces.

The vice minister said Chang and the general schemed to juggle figures so as to leave huge amounts for themselves. Chang allegedly set up headquarters in a Philadelphia hotel.

Not all of the \$810,000 has been accounted for, the minister said. He added that he believed some has been deposited in a Swiss bank.

# Car Rams Truck And 2 Die On Turnpike

**CARLISLE, Pa. (U)—**An automobile rammed a tractor-trailer on the Pennsylvania Turnpike today, killing two passengers in the car and injuring two others.

Coroner E. A. Haegele, of Cumberland County, identified the victims as Walter C. Keagle, Jr., 20, and Mrs. Blanche Arel, 23, both of Akron, Ohio.

Haegele said that Victor Dagwan, a soldier, stationed at the Youngstown, Ohio, Air Force base, and driver of the automobile, was taken to the Carlisle Barrack Army Hospital for treatment of injuries.

Thomas Mayhew Arel, 23, husband, of one of the victims, also was injured in the crash. He was taken to Carlisle Hospital where it was said his condition was not serious.

# Nevada Desert Is Shaken By Quake

**BERKELEY, Calif. (U)—**A "very strong" earthquake which would have caused widespread damage in a populated area shook the barren northwest Nevada desert early today.

It was centered near Fallon, Nev., where it toppled chimneys and cut off power.

No other damage was reported.

# SEN. KNOWLAND STAND ON U.N. IS DEPLORED

**LONDON (U)—**The independent, influential Times strongly deplored today a proposal by Sen. Knowland (R-Calif.) that the United States cut off financial support of the United Nations if Red China is admitted to membership.

"On the whole, British opinion looks at the problem of Peiping's admission to the United Nations as one of law, not of morals," the Times said editorially.

"Recognition of one government by another is usually seen here as part of the mechanics of diplomacy, and not as a gesture of approval. In the same way the United Nations is regarded as a forum for the peaceful settlement of disputes, not as a club of kindred spirits.

See "Isolationism"

"This is not the same as urging that the admission of Communist China to the United Nations would be immediate. Many of the American arguments against immediate admission are strongly based. # EX-JAP AIR ACES TO LEARN TO FLY JETS

**CAMP MATUSHIMA, Japan (U)—**Former Japanese air aces—in uniform again—stood shoulder to shoulder today with American fliers who will teach them to fly jets.

About 100 Japanese airmen stood at attention with U.S. Air Force men at ceremonies opening a new Japanese air force flight school here.

Daylight poured through hundreds of bullet holes in the big old imperial navy hangar, riddled by strafing U.S. Navy planes a decade ago.

Japan's new 6,000-man air force, which came into existence only last Thursday, is equipped with 60 light trainers and helicopters. But the Japanese expect the United States to supply Sabre jets and other modern planes later this year.

The first flight class of 16 former imperial captains, majors and lieutenant colonels includes some of Japan's leading Zero aces of World War II.

Stone facing, as used in the illustration, adds to that distinctive quality that gives this house a charm all its own. Typical of the ranch style design is the abundance of windows throughout "The Bentley." Note especially the three windowed bay in the front wall of the dining room; the strong decorative appeal of this window arrangement, which is steadily gaining popularity with new home builders, greatly enhances the overall appearance of the house.

In the house selected as an illustration, the landscaping was carefully planned so it would bring out the fine architectural qualities of this handsome ranch design. You, too, can do the same when you build "The Bentley." You can use window boxes and blinds to good advantage, also, to bring out the innate charms of this house; just about any color can be used for the exterior finish but if you'd like to obtain a novel effect that would at the same time be in harmony with the style of your home, use old fashioned barn-red.

Three spacious well lighted and

ventilated bedrooms, all located at the back of the house, provide a generous amount of sleeping space for the family living in "The Bentley." Thus, this house would be especially suitable for a family with children. The middle bedroom could, however, serve with equal ease as a guest room or den, if you only need two regular bedrooms.

Perfectly in step with the latest in home planning developments is the location of the kitchen in the front part of "The Bentley" facing the front yard. Six windows provide a generous amount of light for the cozy little breakfast area located in the left front corner of the kitchen.

Opening off the kitchen, the laundry has doors leading to both the front and back yards. In the back section of this room is an extra lavatory that the busy housewife will find especially convenient when she's working in the kitchen or

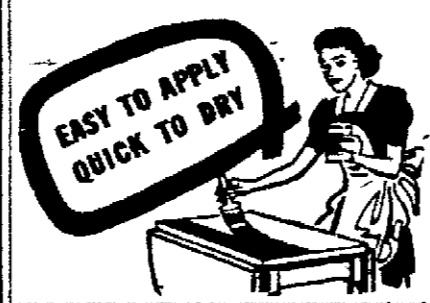

laundry. And, since it's right beside the door to the back yard, this lavatory will also be handy for your youngsters and their pals.

Large enough to hold two cars, the garage is, architecturally speaking, a part of the house. To further carry out this illusion the use of curtains and shutters is suggested on the two double windows in the front wall of the garage. If your family has but one car you'll find the extra garage space provides a welcome storage area.

"The Bentley" can be built in stages if you so desire. First section would be the house proper which measures 50'x32'—and then the wing, consisting of the garage and laundry and measuring 31'x21'. Total length of the house is 81 feet, so that if you decide to build in stages be sure to obtain at least a 100 foot lot before any building is begun.

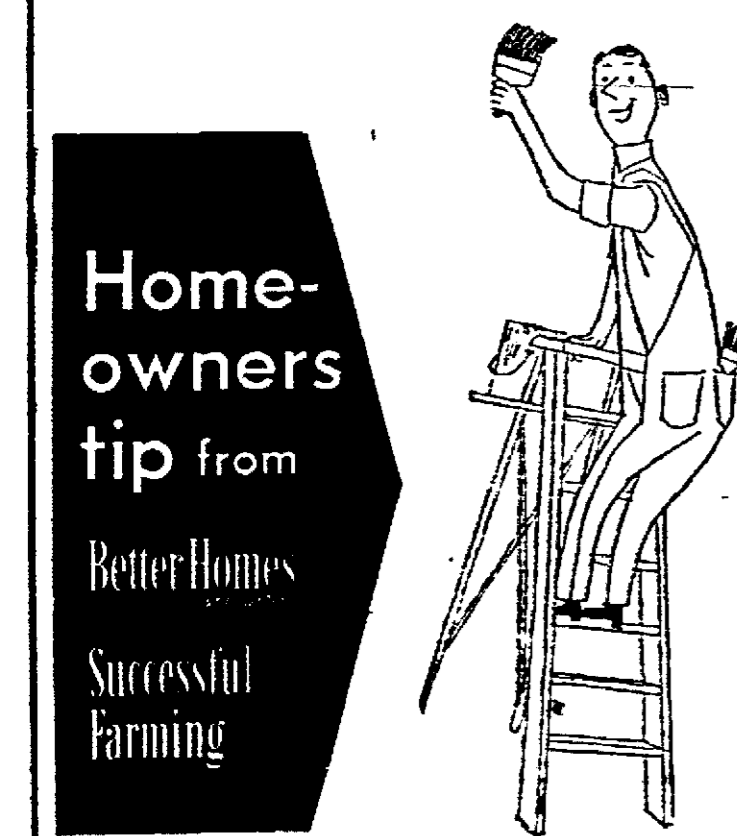

For plan prices, write to the Home Building Editor, Dept. 18, The Gettysburg Times, and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

Use poached eggs for summer luncheons. They may be served many ways: on hash, flat chicken croquettes or slices of baked or boiled ham. They may be topped with tomato, cheese, Hollandaise or celery sauce.

## Ike And Mamie

(Continued from Page 1)  
bearing the inscription—"In 1854 this mantle was installed in the White House and was in use there during the terms of five Presidents until 1873. Presented to the President and Mrs. Eisenhower on their 38th wedding anniversary, July 1, 1964, by members of the White House staff."

**Brought Guests Here**  
The Presidents from 1854 to 1873 were Franklin Pierce, James Buchanan, Abraham Lincoln, Andrew Johnson and U. S. Grant.

The Presidential couple, spending the Fourth of July weekend at Camp David, their Catoclin mountain retreat near Thurmont, Md., were accompanied to the farm by their weekend guests—Mr. and Mrs. George Allen, Mr. and Mrs. W. Alton Jones, Mr. and Mrs. Ellis D. Slater and William Robinson.

After inspecting the house to see how the rebuilding was progressing, President Eisenhower took the men on a tour of the barnyard.

**Fun For Ike "Some Day"**  
They stopped to view a young Durham shorthorn bull owned by Mr. Allen, an old friend whose farm here is operated jointly with the President's, and pig given to President Eisenhower recently by Barbara Siegenthaler, a 14-year-old Fort Smith, Ark., 4-H club member.

Pointing to some farm equipment stored in the old red barn, the President turned to his guests and said:

"Think of the fun it will be to come up here some day and fix things up the way you want them—a tool shed, a garage, and that sort of thing."

He gave no indication of when he expected that "some day" to arrive.

**Strike Delays Work**  
President Eisenhower told reporters that the farmhouse would be ready this fall for his wife to begin moving things in.

"Right now," he said, "there is a carpenter's strike in this region that's holding things up. I told them here just to obey regulations. We aren't in any great hurry."

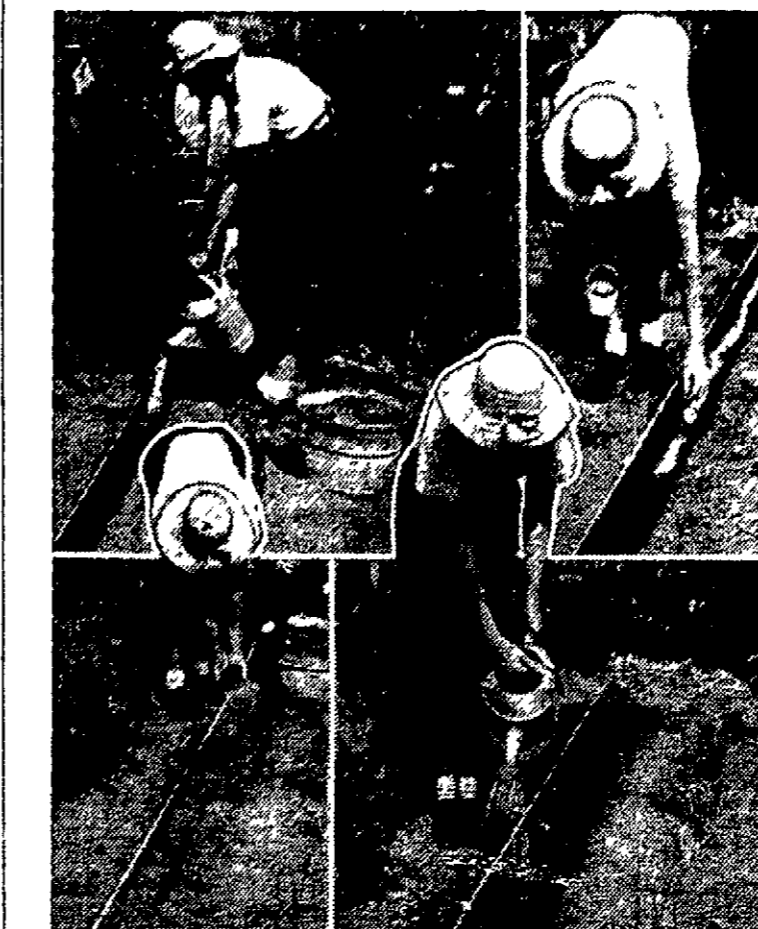

Sitting in the center of the future-living room Saturday were three crated bathtubs.

"The bathtubs look a little small," Mrs. Eisenhower said.

"Well," her husband told her, "you said you wanted them short."

Mickey Mantle's cousin, Max, is a star for McAlester, Okla., in the Class D. Sooner State League. Of course, the club is a farm team of the Yankees.

## Use Special Techniques To Sow Seeds In Summer

Top left: Make Deep Drill and Sow Seed Deeply. Top Right: Mix Seed With Sand and Sow on Damp Soil. Lower Left: Cover Seeds With a Special Porous Soil. Right: Keep Soil Moist Until Seeds Germinate.

Sowing seed for a fall harvest in the vegetable garden should not be neglected. All the early crops can be grown for fall use, many with much improved quality, owing to cooler weather.

In some ways the fall growing season is more favorable than spring. It is more difficult to start seed in the hot, dry weather of mid-summer, but as the season progresses with cooler nights and more moisture, the plants develop better than when temperatures are rising as they mature.

Few vegetables go to seed in the fall. Cauliflower, Chinese cabbage, spinach and peas, which are matured in the spring only by experts who take long chances to give these crops an early start, are easier to grow in the fall. Head lettuce will make heads instead of going to seed. All crops have a much longer season of harvest than in the spring, thanks to cooler weather and more moisture.

Seeds cannot be started in hot, dry weather by the simple method which are effective in the spring. Heat alone would speed germination

in most cases, but it dries out the soil in which the seeds lie, and may form a crust over them so that even if they sprout, they cannot make their way to the surface.

Wherever there is clay in the soil this crusting is probable; but it can be overcome, and moisture sufficient for the needs of seeds and seedling plants can be supplied.

The first step is to prepare a special soil with which to cover the seeds. This should contain no clay, but sand and organic matter, such as peat moss, or compost. The drill in which seeds are sown should be much deeper than in the spring to bring the seeds closer to the deep soil moisture. Fill the drill with water several times, so that the soil is soaked, and on this wet soil the seed should be sown.

Cover it with the specially prepared soil and soak the covering soil. It will be necessary to keep this soil damp until the seeds sprout, but if sufficient peat moss has been used, it will hold moisture well. When the seeds sprout there will be no hard crust to keep the infant plant from emerging to the sunlight.

Young plants will need regular watering until their roots grow deep enough to reach moisture, and by this time nights should be cooler and rains more frequent. Thinning out should be done early, to reduce competition between plants.

Varities to be sown for fall harvest should mature in 60-70 days unless they are frost resistant. In selecting them figure that maturity will be slowed down somewhat by hot, dry weather during their infancy.

Plant food should be supplied when seeds are sown, just as in the spring. About half the quantity used in the spring will be sufficient if the soil received a spring application.

Soluble plant food can be dissolved in the water which is used to soak the drill in advance of sowing. This will act as a starter solution, helping the young plants

## CZECHS OFFER U.S. SOLDIERS FOR ESCAPEES

BAERNAU, Germany (AP)—German border police said today that Czech authorities have offered to trade seven U.S. soldiers they arrested Sunday for three members of a Czech labor gang who fled to the West over the weekend.

Czech border police grabbed the Americans — six enlisted men and a captain on leave — when they came too close to the border while sightseeing.

Hans Buettner, a district commander of the German border police, said the Czechs made their swap offer at a border meeting with the Germans this morning.

# U.S., BRITAIN PUSH PLANS ON SOVEREIGNTY FOR W. GERMANY

LONDON (AP)—The United States and Britain pushed ahead today with plans to give West Germany almost full sovereignty—including rearmament powers—in their two occupation zones if France does not ratify the European army plan. Political and legal experts of the two Allied nations opened meetings at the Foreign Office yesterday to draft a program of joint U.S.-British action to be launched if the European Defense Community is not set up soon. The conferences here are expected to conclude before the end of this week. Under study are proposals to:

**Proposals Under Study**

1. Give the West German government almost complete independence in the American and British zones, including powers to raise a defense army.
2. Abandon the U. S. - British - French High Commission in Bonn and set up American and British embassies.

Such action would leave the French zone, in southwest Germany, the sole occupied territory in the federal republic and would put the French under acute German pressure to get out of that.

**French Not Invited**

The drafting of plans here was ordered by President Eisenhower and Prime Minister Churchill at their meeting in Washington last week. They agreed then that West Germany should be given "its place as an equal partner in the community of western nations."

The French were not invited to take part in the talks here, the first such omission of France from joint Allied planning on Germany since the war.

## Truman Improving; Still In Hospital

KANSAS CITY (AP)—Harry S. Truman continued to make progress in recovering from his operation but there was no indication when he'll be able to leave the hospital.

"It's still too early to say how soon Mr. Truman will be leaving," Robert E. Adams, acting administrator at Research Hospital, said last night. "Visitors still are limited. If they were not, there would be an almost constant line waiting to see him."

The former President's gall bladder and appendix were removed in an emergency operation June 20.

## RUSS GUARD BARS FIREMEN

NEW YORK (AP)—The New York Fire Department ran into a Russian veto last night when two fire companies were barred from the Park Avenue building housing the Soviet delegation to the United Nations.

The equipment responded to an alarm by a passer-by that smoke, sparks and possibly flames were coming from the delegation building.

The firemen were turned back by the guards, however.

A Russian, who described himself as the "officer on duty," said the delegation personnel was "only using a fireplace" and there was no reason for firemen to have come.

A fire official surmised that paper had been burned inside the building, as firemen saw sparks and paper ash, apparently rising through a screen covering an incinerator chimney.

## 2 AMERICAN OFFICERS MUST QUIT RUSSIA IN RETALIATION

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Three Russian diplomats — one of them attached to the Soviet delegation at the United Nations — have been thrown out of the United States during the past six months on charges of spying.

The Russian government, the State Department claims, has now retaliated by making espionage charges against two members of the U.S. diplomatic mission at Moscow and forcing their withdrawal.

The two Americans are military officers, as were the two Russians ousted from the embassy here.

**Special Significance**

The State Department declined to disclose any of the evidence against the Soviets, but Press Officer Henry Suydam said, "We got the goods on them and out they went."

The incident which the State Department announced late yesterday, after months of silence on the ouster of the alleged Russian spies, had more than ordinary significance because of the policy situation which is developing among Russia and the Western Powers.

## Plan Autopsy On Son Of Radio's "Andy"

SANTA MONICA, Calif. (AP)—An autopsy today is expected to determine if the son of radio's Andy suffered a fatal kidney ailment because of accidental poisoning.

John Joseph Correll, 7, succumbed yesterday after being hospitalized four days. He was the son of Charles J. Correll of the Amos 'n' Andy show.

The coroner's office said the boy may have contacted an insecticide or some other poisonous substance that affected his kidneys, but only the autopsy could provide a definite answer.

The Kremlin has been making a big play for British and French cooperation in an obvious effort to place heavy strains on the Western alliance. Every evidence of difficulty between Washington and Moscow coming at such a time carries the risk of widening Western differences by emphasizing differing relations with the Soviet Union.

### Two Accused Americans

The two Americans, whom the Russians accused of having engaged in "espionage work" are Lt. Col. Howard L. Felchlin of New York City and Arlington, Va., who was assistant military attaché at the Moscow Embassy, and Maj. Walter McKinney of Santa Cruz, Calif., the assistant air attaché. The Soviets declared them "persons non-grata" or unwelcome on July 3. The United States rejected the charge as "baseless" in a note yesterday, but it informed Russia

## GUATEMALA IS TURNING BACK ON RED WORLD

GUATEMALA (AP)—Guatemala's new government has turned its back on the Communist world in a bid to get on better terms with its Western Hemisphere neighbors.

Eliego Monzon and Carlos Castillo Armas, top colonels in the five-man Junta, told a news conference yesterday their administration would reverse the policy of the ousted government ex-President Jacobo Arbenz Guzman and would refuse to deal with the Soviets or their Iron Curtain allies.

The colonels said Guatemala also would rejoin the Organization of Central American States (ODECA) and support the Organization of American States (OAS) and the United Nations.

This was considered an appeal for diplomatic recognition. So far two countries—Costa Rica and El Salvador—have served notice they will take up formal relations with the five-day-old military regime.

The leftist Arbenz government dropped out of ODECA last year accusing the other members of aggressive intentions toward Guatemala.

they would be withdrawn.

Maj. McKinney is on vacation outside Russia and will not return. Col. Felchlin will leave the Soviet capital Thursday. He will fly to Berlin with Ambassador Charles E. Bohlen, who is going on a month's leave.

A letter published in the Soviet trade union newspaper Trud on March 25 accused Felchlin and McKinney and two other Americans. Trud said the Americans had left behind on a train, after a trip to Vladivostok, an intelligence report on the main cities and stations between Moscow and Khabarovsk. The U.S. Embassy at Moscow declined comment at the time.

naval attaché, Soviet Embassy, who was declared personally unacceptable last Feb. 3 and left Feb. 8.

Alexander P. Kovlyov, second secretary of the Soviet delegation to the United Nations, who was asked to leave on Feb. 3 and who departed Feb. 10.

Lt. Col. Leonid E. Pivnev, assistant air attaché, Soviet Embassy, ordered on May 29 to leave this country. He left June 6.

**Simple Retaliation**

Pivnev's name made the newspapers on at least two occasions during his stay in the United States, once when he attended the 1951 Detroit air races and last April when he attended a meeting of the Baltimore chapter of the

American Rocket Society to hear a discussion of the possibilities of atomic-powered flight.

The State Department announcement, while saying nothing of the kind of spying it accused these men of doing, suggested that the ouster of the American officers from Moscow was a retaliatory move by the Russians. It said this must be true since there "was no foundation whatsoever" for the Soviet action against them, and denounced as "baseless" the charge that they engaged in spying. In Moscow, Ambassador Bohlen said no specific charges were set forth in the Russian note.

Suydam said the expulsion of the Russians had been kept secret because the State Department

hoped to avoid creating through publicity a pressure on the Russians to retaliate. Clearly those hopes did not work out.
